WHAT IS FAMILY STEM NIGHT?

The Future of Flight Foundation is
hosting this FREE event that will give
you and your family a chance to see
some of the amazing technology that
is being created and used right in your
backyard.

We will have local companies and organizations that will offer
hands-on activities featuring the cutting edge science, technology,
engineering, aviation and math that is happening in our area.

Also learn what area schools and colleges have to offer with their
STEM-related programs.

For more information or to RSVP for the event email
amanda@futureofflight.org or call 425-438-8100 ext 245.

Event Sponsored By:

The Everett Clinic
For the whole you.
